

BRITISH REPULSE TURK ATTACK ON SUEZ CANAL

EFFORTS OF VON HINDENBURG CUL- MINATE IN DESPERATE STRUGGLE

Regiment After Regiment, Support-
ed by Artillery, is Flung Against
Russian Lines—Artillery Continu-
es to Play the Major Part in the
West.

London, Feb. 4.—(10:30 p. m.)—
The Turks at last have made a
definite attack on the Suez canal,
but after a sharp fight they were
driven off with heavy losses. After
a fruitless attempt made on Tuesday
night to bridge the canal near Touse-
soun, they returned to the attack
early yesterday morning with a
force estimated at 12,000 strong
and six batteries of artillery and
essayed to get across the waterway
on rafts. The British force how-
ever, was waiting and the invaders
were forced back, leaving about 300
prisoners in the hands of the de-
fenders. A considerable number of
the Turks were killed and wounded.
The British lost 15 killed and 58
wounded.

Renew Attack at El Kantara.

The attack also was renewed by
the Turks at El Kantara, but this
met with no greater success than
the other attempt, the Turkish losses
in killed, wounded and prisoners
numbering upwards of a hundred.
The New Zealand contingent, and
presumably the Australians, took
part in the battles, the New Zealand-
ers having two casualties. Compared
with the battles in Poland and
the Carpathians this is a mere
flash, but as British territorial
Australians and New Zealanders are
receiving their baptism of fire in
Egypt and there is much interest
in the attempts of the Turks to move
a big army across the desert, the
operations in that part of the world
are attracting a good deal of atten-
tion in England.

The efforts of the German field
marshal, Von Hindenburg, to stop
the advance of the Russians in east
Prussia and the Carpathians by
compelling them to reinforce their
center west of Warsaw has culmi-
nated in a desperate attack. Regiment
after regiment, supported by great
masses of artillery, has been flung
against the Russian lines and both
sides claim to have inflicted heavy
losses on their opponents and each
reports progress. It is apparent,
however, that while the Germans
are making every effort to get near
Warsaw, the Russians, for the pre-
sent, are satisfied to hold their posi-
tions and inflict as heavy losses on
their adversaries as possible.

Near Bolimow the fighting has
been fierce and continuous for
weeks and the Russians claim to
have taken one of the villages for
which the armies have been con-
tending.

Czar Leaves For the Front.

Meanwhile the Germans have
sent strong reinforcements south to
check the advance of the Russians
who are reported to be south of the
main range of the Carpathians and
are thus again overlooking the
plains of Hungary. The Russian
emperor left for the front today,
while the German emperor is expected
to proceed there after he con-
cludes his visit to Wilhelmshaven,
where he has been inspecting the
fleet and bestowing iron crosses on
the crew of the submarine U-21
which sank three British merchant
ships in the Irish Sea.

In the west the artillery contin-
ues to play the major part. Each
side makes occasional attacks which
according to official reports, are in-
variably repulsed. Although not
officially mentioned, it is reported
that the British warships are again
bombarding the German positions on
the Belgian coast, while the airmen
of the allies are busy dropping
bombs on the German trenches at
points of concentration.

The surrender of Lieut. Col. Kemp
and other rebels who have been re-
ceiving arms and support from the
Germans in southwest Africa and
with whom they have recently
quarrelled and the expected sur-
render of Lieut. Col. Maritz, who
has been able to remain in the field
by the same means, probably will
bring to an end the South African
rebellion and enable General Louis
Botha to pursue his design of in-
vading German territory in Africa.
It is officially announced that 1-
165 British officers have been com-
missioned from the ranks since the
outbreak of the war.

GIVE STATEMENT OF BANK'S CONDITION

Duquoin, Ills., Feb. 4.—Executors
of the defunct Duquoin bank of
Henry Horn issued a statement in
which the assets of the bank were
estimated at \$450,000 and liabilities
at \$351,000. The statement added
the list of assets included many
notes and overdrfts of uncertain
value and that it is therefore im-
possible to say what depositors will
receive.

TURN'S PALACE OVER TO ORPHANS

Rome, Feb. 4.—(7:55 p. m.)—
Pope Benedict has turned over for
the use of children made orphans in
the recent earthquake the papal pa-
lace at Castel Gandolfo, thirteen
miles southeast of Rome on Lake
Albano. The refuge will be under
the patronage of Queen Helena.

LAKE STEAMER IS CRUSHED BY ICE CAKES AND SINKS

Crew and Passenger Make Their
Way to Shore Over Ice Floes—
Other Boats Are Not in Danger.

Chicago, Feb. 4.—The Steamship
Iowa of the Goodrich Transit com-
pany was crushed by ice cakes and
sank today three miles off this port.
The crew numbering about 45 men
and one passenger, Edward H. Hoov-
en, of Conboy, Ohio, made their
way over the ice floes to shore. A
score of other ships are ice bound
in the great fields that line the west
shore of Lake Michigan, but the
owners tonight said the situation
was not hazardous and that none of
the boats were in danger.

A report that the steamship Ra-
cine was in danger of sinking pro-
duced uneasiness. The Racine was ice-
bound and was unable to make port,
but the latest wireless reports were
that it was in no danger.

Miss Elizabeth Schmidt, steward-
ess, was the only woman on board
the Iowa. She was swung over the
side of the ship to the ice pack and
made her way ashore with the men.
North and east winds and contin-
ued cold weather have piled the ice
along the south end of the west
shore deeper than it has been in
years.

WESTERN STORM IS CENTRAL OVER IOWA AND MOVING EAST

Rain, Changing to Snow, is Indi-
cated for the Upper Mississippi
Valley Today.

Washington, Feb. 4.—The west-
ern storm was central Thursday
night over Iowa and moving east.
It already has caused rains in the
Mississippi valley and snow over the
plains states. Rains have again set
in on the north Pacific coast and
there were snows Wednesday night
on the middle Atlantic and southern
New England coast.

The temperature has risen de-
cidedly in the gulf states, the great
central valleys and the lake region
and it has fallen on the east slope
of the Rocky mountains.

Comparatively low temperatures
continued during Thursday in the
eastern states.

There will be rains Friday
throughout the east Gulf states, the
Ohio valley and the region of the
lower lakes and by Friday night
and on Saturday throughout the
Atlantic states. Rain changing to
snow is indicated for the upper lake
region and the upper Mississippi val-
ley on Friday and snow is proba-
ble Friday in the Missouri valley.
In other parts of the country the
weather will be generally fair Fri-
day and Saturday except that there
will be rains in the north Pacific
states.

The temperature will rise Friday
and probably Saturday throughout
the Atlantic states and Friday in
the upper Ohio valley and the lower
lake region. It will fall Friday in
the plains states, Friday and Sat-
urday in the Mississippi valley and
the Gulf states and Sunday in the
upper lake region and the Ohio val-
ley.

mendation of the state board of

following cases of persons convicted
of selling liquor in local optio-
nary territory.

to 120 days in jail and a fine of
\$150.

TAKE TESTIMONY IN SUIT TO DISSOLVE REFINING COMPANY

Witness Repeats Alleged Promise
That Independent Candy Makers
"Would Be Treated Fairly" If They
Bought Their Glucose From the
Corn Products Co.

St. Louis, Feb. 4.—An alleged
promise that independent candy
manufacturers "would be treated
fairly" if they bought their glucose
from the Corn Products Refining
company was repeated by David J.
O'Brien of Omaha, at the taking of
testimony here today in the govern-
ment suit to dissolve the company.
O'Brien said that five years ago
he was one of a group of independ-
ent manufacturers who requested E.
T. Bedford, president of the Corn
Products Refining company to raise
the price of candy so independents
could compete. Mr. O'Brien said
Mr. Bedford did not give a definite
answer.

Competition became so keen, said
O'Brien, that his profits were cut
seventy per cent.

J. A. O'Halloran, traffic manager
for a sugar refinery at Clinton,
Iowa, said the Corn Products Re-
fining company had had an advan-
tage in railway rates. He said that
when the sugar refinery was estab-
lished at Clinton in 1907, the rate
on glucose from Chicago to New
York was advanced arbitrarily from
25 to 30 cents a hundred and the
rate in high rate, he said, re-
sulted in competition on equal terms
with the Corn Products Refining
company which had a rate of 18
cents.

The independents protested, he
said, and the railroads cut the rates
five cents, but the Corn Products
Refining company still had a seven
cent advantage.

BRYAN DENOUNCES THE LIQUOR TRAFFIC

DECLARES THAT WOMAN SUFFRAGE IS SURE TO COME

Asserts Democratic Party Cannot
Afford to Stand With the Brewer
and Saloon-keeper Against Wom-
an Suffrage in Address to Editors.

Indianapolis, Ind., Feb. 4.—De-
claring that the Democratic party
cannot afford to stand with the
brewer and saloon-keeper against
woman suffrage, Secretary of State
Bryan in a speech at the banquet of
the Democratic editors here tonight,
severely denounced the liquor traffic
and also said that woman's suffrage
was sure to come.

"I want to tell you Democratic
editors," said Secretary Bryan "that
the Democratic party cannot afford
to stand with the brewer and saloon
keeper as against woman suffrage.
A man is known by the company he
keeps and I want to tell you now
that the man who prefers the sa-
loonkeepers' company to that of his
wife will not be in the Democratic
party long."

"If we are going to favor woman's
suffrage," continued Mr. Bryan, "we
might as well go the whole hog and
drive the saloon out of politics."

Secretary Bryan referred to the
majority vote in congress for a na-
tional prohibition amendment to the
constitution and expressed the hope
that Indiana Democrats will be
found leading in the movement.

Earlier in his speech Mr. Bryan
praised President Wilson's adminis-
tration and commended Governor
Ralston's determination for an anti-
lobby law.

After leaving the banquet of the
Democratic State Editors, Colonel
Bryan addressed a public meeting
at the German House where a large
crowd heard him strongly defend
the president on the shipping ques-
tion. In referring to the seven
Democratic senators who have bro-
ken away from the president, Mr.
Bryan said "I think I know and I
think you know what the country
will think of a Democrat who takes
the Republican side on the shipping
question."

"If anybody puts in this bill,"
went on Mr. Bryan, "a word that
implies a lack of confidence in the
president, let it be a Republican
and not a Democrat. Like the cur-
rency bill broke the burglary of the
selfish interests on land, now will
the shipping bill break their piracy
on the sea."

SUBMIT WAGE QUESTIONS IN DISPUTE TO SUB-COMMITTEES

Deadlock on Proposed Reduction in
Wages by Independent Sheet and
Tintplate Manufacturers is Partially
Broken.

Pittsburgh, P., Feb. 4.—The dead-
lock on the proposed reduction in
wages between the independent
sheet and tintplate manufacturers
of the country and the Amalgamated
association of Iron, Steel and Tin
Workers was partially broken here
today when both sides agreed to
submit the questions in dispute to
subcommittees representing both
sides. A meeting of the sub-commi-
tees was at once held and later W.
J. Lynch of Granite City, Illinois,
president of the manufacturers,
and John Williams, president of the
association, announced that pros-
pects for a peaceful settlement look-
ed much brighter.

The manufacturers' representa-
tives on the sub-committees are
President Lynch, James A. Nutt, A.
N. Flora and C. R. Hook.
President Williams, W. F. Moore,
Granite City, Illinois; T. J. Craig,
Wheeling, W. Va.; W. J. Griffith,
Middletown, Ohio; Jenkins Jones,
Follansbee, W. Va.; and Brintley
Owens, Canton, O., represent the
men.

ORDERS REFERENDUM VOTE ON MERCHANT MARINE QUESTIONS

Chamber of Commerce of United
States Takes Action After Fail-
ing to Agree on Ship Purchase
Bill.

Washington, Feb. 3.—After an
all day debate the chamber of
commerce of the United States to-
night ordered a referendum vote of
its membership on merchant marine
questions, including government
ownership and operation of ships.
A majority report of the cham-
ber's merchant marine committee
denouncing the government ship
purchase bill now pending in the
senate failed to receive the two-
thirds vote necessary for its adop-
tion, although 161 delegates voted
for it and only 90 in the negative.
A minority report approving the bill
was rejected; then it was determi-
ned to lay the matter before the or-
ganizations composing the chamber.
Secretary McAdoo of the treasury
department was the chief speaker
for the shipping bill and Senator
Burton for its opponents. Each
argued earnestly the formal speech-
making virtually linking into a joint
debate. Tonight the chamber held
its annual banquet at which the
speakers included, Commissioner of
Corporations Joseph E. Davies,
Charles S. Hamlin, Governor of the
federal reserve board, and Chief
Justice Covington of the District of
Columbia supreme court.

War News Summarized

The German admiralty, in de-
claring a war zone of the waters
around Great Britain and Ire-
land, including the whole Eng-
lish channel from Feb. 18th, an-
nounces that "every enemy mer-
chant ship found in this war
zone will be destroyed even if
it is not always possible to avoid
dangers to crew and passengers."

The British foreign office in a
statement bearing on Ger-
many's action, intimates that
possible Great Britain may un-
dertake retaliatory measures,
saying:

"The apparent intention of the
German government to sink mer-
chant ships by submarine, with-
out bringing them into port or
providing accommodation for
their crews and regardless of the
loss of civilian lives, has raised
very seriously the question
whether Great Britain should
adopt more stringent measures
against German trade."

No decision has yet been taken
on this matter.

In the same statement, the
British government announces
that should the American Steam-
er Wilhelmnia be interrupted it
will send the cargo of foodstuffs,
which is destined for Germany,
into a prize court.

Some of the heaviest fighting
of the war is taking place in
Russian Poland and Galicia.
Hundreds of thousands of Ger-
mans and Russians are locked
in the deadly struggle before
Warsaw. The German com-
mander, Field Marshal Von Hinden-
burg, is reported to be pouring
in regiment after regiment and
every strategic point guarding
the Polish capital has become
the scene of a bitter contest.

Austria seemingly has met a
serious reverse, for according to
the announcement made by the
Austro-Hungarian war press
bureau, received by way of Am-
sterdam, she has been compelled
to evacuate the important
town of Tarnow owing to the
severe bombardment by Russia's
heavy artillery.

The Russian and German em-
perors soon will be at the front
again. Emperor Nicholas has
already started and Emperor
William, who has been inspecting
the fleet at Wilhelmshaven, it
is announced will proceed to the
fighting either today or tomor-
row.

HOUSE DEMOCRATS NOMINATE CLARK TO SUCCEED HIMSELF

Choose Kitchin to Become Chair-
man of Ways and Means Commit-
tee and Majority Floor Leader.

Washington, Feb. 4.—Democrats
elected to the house in the sixty-
fourth congress tonight unanim-
ously nominated Speaker Clark to
succeed himself and chose Representa-
tive Claude Kitchin of North Caro-
lina to become chairman of the ways
and means committee and majority
floor leader when Representative
Underwood goes to the senate.
Enthusiastic applause and cheer-
ing greeted the selections, both of
whom were by acclamation and the
speaker and Representative Kitchin
responded with speeches urging har-
mony. The caucus named all of the
members of the ways and means
committee and nominated the fol-
lowing to fill vacancies:

Representatives Crisp of Georgia;
Oldfield of Arkansas, Casey of Penn-
sylvania; Allen of Ohio; McGilli-
cuddy of Maine and Helvering of
Kansas.

In the only real contest of the
evening Representative Saunders of
Virginia was elected chairman of
the caucus over Representative Fos-
ter of Illinois by a vote of 108 to
86.

SUBMIT PLAN TO IMPROVE CONDITION OF PRISONERS

LONDON, Feb. 4.—(6:42 p. m.)—
Sir Edward Grey, British secre-
tary of state for foreign affairs, to-
day announced in the house of com-
mons that the American government
had submitted a scheme whereby
American officials would keep in
permanent touch with commandants
of prisoners' camps in Germany and
Great Britain and through the com-
mandants with committees appointed
by the prisoners, with a view of
improving the condition of the pris-
oners. Sir Edward promised to
make a further statement. The for-
eign secretary's announcement was
made in reply to a question of Lord
Charles Beresford, who asked whether
a member of the American em-
bassy in Berlin had been nominated
by Germany to inspect the camps
in England and whether Great Brit-
ain would nominate a member of
the American embassy staff in Lon-
don to inspect and report on con-
ditions in the German camps.

Sir Edward Grey said that al-
though some camps in Germany al-
ready had been visited by an Ameri-
can official more satisfactory re-
sults could be obtained by the
scheme proposed by the American
government.

GIBBONS AND MCGOORTY MEET.

St. Paul, Minn., Feb. 4.—Mike
Gibbons of St. Paul and Eddie Mc-
Goorty of Oshkosh, Wis., middle-
weights, were matched today to
meet in a ten round bout at Hud-
son, Wiscon., during the first week in
March. The men will weigh in at
158 pounds at 3 p. m., the day of
the bout.

TWO PLANS UNDER WAY TO BREAK DEADLOCK

BOTH CONTEMPLATE CHOICE OF A REPUBLICAN WITH DEMOCRATIC AID

Anti-Browne Democrats May Unite
With Enough Republicans to
Shurtleff or Tice—To Attempt
No Further Business Until Next
Week.

Springfield, Ills., Feb. 4.—Two dis-
tinct movements looking toward the
breaking of the speakership dead-
lock in the house of the legislature
were under way here tonight. Both
contemplate the election of a Re-
publican with the aid of Democratic
votes.

The Lee O'Neil Browne faction of
Democrats has been ready for sev-
eral days to vote for a Republican,
but so far have been unable to
muster sufficient votes to put over
a candidate. The second movement
which took definite form tonight is
designed to unite the anti-Browne
Democrats with a sufficient number
of Republicans to elect a speaker.

It was reported that if this plan
materializes, either former Speaker
Edward D. Shurtleff or Homer J.
Tice might be selected. The pro-
posed new combination of Demo-
crats, it was said, would be made up
of the Igoo and the Hubbard-Hus-
ton-Kane factions. They are divid-
ed on the wet and dry issue, but it
was reported this issue would be
eliminated with an agreement that
both sides should have a square
deal. The Browne faction is com-
prised entirely of wets who are
endeavoring to organize the house
on strictly wet lines.

The house took two more ballots
this afternoon, running the total
roll calls up to fifty-three, and then
adjourned, with an agreement that
no further business will be attempt-
ed before Tuesday of next week.
Some of the members wanted to
stay on the job tomorrow but it was
so evident nothing could be accom-
plished that they gave in without a
roll call.

Two ballots were taken at the
morning session, which was recessed
to permit the Republican mem-
bers to hold a conference this after-
noon. The conference, after taking
six ballots, adjourned subject to the
call of the chairman. No one indi-
cated any particular strength in the
balloting and feeling was not the
best when adjournment was taken.

CARRANZA DEMANDS SURRENDER OF DEL CASO BY SPANISH MINISTER

Threatens Diplomat With Depor-
tation if Spanish is Not Given Over
Within Twenty-four Hours.

Washington, Feb. 4.—General
Carranza has called upon the Span-
ish minister at Mexico City, on
threat or deportation, to surrender
within twenty-four hours Angel del
Caso, a Spanish subject who claims
to be an agent of the Spanish gov-
ernment, but whom Carranza
charges with being active in the
service of General Villa.

This information was received to-
day in private telegrams from Mex-
ico City which state that del Caso
is supposed to be hiding in the
Spanish legation.

The incident recalls General Car-
ranza's experience last September
with the Belgian minister to Mex-
ico, who because of the severity of
his representations concerning Bel-
gian concessions, was ordered de-
ported, and notwithstanding the in-
tervention of American Consul Sil-
liman and the Brazilian minister,
was compelled to leave the country.

SECURE INJUNCTION; HOLD MEETING ON TEXAS SIDE

Texarkana, Ark., Feb. 4.—Will-
iam Black, the anti-Catholic lectur-
er who was killed at Marshall,
Texas, last night, was to have lec-
tured in Texarkana tonight under
the auspices of the Knights of Luth-
er. When this organization today
secured Billy Parker, a co-worker of
Black, to fill the engagement local
Knights of Columbus secured an in-
junction prohibiting Parker from
speaking in the county court house.
The meeting then was transferred
to the city hall on the Texas side.

DEFEAT COMMISSION FORM.

Monmouth, Ills., Feb. 4.—The propo-
sition to adopt the commission
form of government was defeated
by a majority of 438 here today.
The total vote was 1,956. The to-
tal women vote was 602 as follows:
For 349; against 253.

SOMER PROHIBITION RESOLUTION.

Des Moines, Iowa, Feb. 4.—Cer-
tain members of the senate consti-
tutional amendment committee suc-
ceeded today in smothering tempo-
rarily a joint resolution introduced
by Wilson and Thomas calling for a
prohibition amendment to the con-
stitution.

TAFT EXPRESSES SATISFACTION

Hartford, Conn., Feb. 4.—Ex-
President Taft who spoke here to-
night expressed satisfaction when
informed that the house had failed
to pass the immigration bill over
President Wilson's veto.

CHICAGOAN DIES SUDDENLY.

Chicago, Feb. 4.—Edward Tilden,
packer and banker, died suddenly
at his home tonight of throat trou-
ble. His death was unexpected. He
had been ill only a few days.

BRIDGE DYNAMITER IS SENT TO JAIL FOR THIRTY DAYS

Action is Taken Pending a Deter-
mination at Washington of Horn's
Political Status.

Vanceboro, Maine, Feb. 4.—
Pending a determination at Wash-
ington of his political status, the
state today made sure of the cus-
tody of Werner Horn, the bridge
dynamiter, by causing him to be
sentenced for thirty days in the
county jail. It is expected that be-
fore the expiration of this period
he will be surrendered to the fed-
eral authorities for a hearing on the
application for his extradition to
Canada filed by the British am-
bassador, Sir Cecil Spring-Rice.

The complaint was made by De-
puty Sheriff George W. Ross, who
was anxious to get the prisoner off
his hands and had been promised
the support of the state attorney
general's office in the procedure.
He alleged that when Horn dynam-
ited an explosive under the Cana-
dian end of the Canadian Pacific
railway bridge over the St. Croix
River he maliciously damaged prop-
erty in this town, where windows
in a few residences were broken by
the concussion.

Horn was a willing party to the
proceedings and pleaded guilty. Asked
if he had anything to say he re-
plied in the negative, adding only:
"My turn will come later."

Several witnesses were present
when the prisoner was brought be-
fore a trial justice this afternoon,
but their testimony was not required
and the case was disposed of
quickly.

Horn will be taken to the county
jail at Machias tomorrow. Machias
is almost directly south and by the
shorter rail route, distant about 75
miles. Half of the trackage of this
line, however, is on Canadian soil.
Accordingly, Ross will take his man
on a roundabout trip of 200 miles
by way of Bangor.

JAPANESE CRUISER ASAMA IS WRECKED IN PACIFIC OCEAN

Warship is Breaking Up Off Coast
of Lower California—Rear-Ad-
miral Howard is Ordered to Send
Aid.

Washington, Feb. 4.—The Japane-
se Cruiser Asama, carrying 500
men, has been wrecked and is break-
ing up off the western coast of
Lower California, according to ad-
vices today to the navy department.
The despatch did not state whether
the crew had been rescued.

Rear-Admiral Howard, command-
ing the American fleet in the Pa-
cific who reported the wreck in a
brief message from his flagship, was
ordered to send whatever aid was
available. Department officials
thought tonight the Cruiser Raleigh
off San Diego, Calif., yesterday
probably would be the first Ameri-
can naval vessel to reach the scene.
Admiral Howard said the Asama
was about 350 miles south of Port
San Bartolome, but inquiries for
further details regarding her had
brought no response up to late to-
night.

The Asama, an armored cruiser
of 9,750 tons, was built in 1898.
For several months she has been
partolling the eastern Pacific. Early
in the war she forced the German
Gunboat Geier to intern at Honolulu
by taking up a position outside the
harbor there while the Geier was
in port for provisions.

The Gunboat Yorktown at Esen-
cada was nearer the scene of the
wreck than any other American
naval vessel, but navy officials said
she probably would not start for the
scene of the wreck.

RELIEF SHIP SAILS.

New York, Feb. 4.—The Steam-
ship Aymerie, carrying a general
cargo for Rotterdam for the com-
mission for relief in Belgium, left
New York tonight with 6,400 tons
of cargo. Of this 4,110 tons were
donations, including those from
twelve different states. Iowa was
represented with 962 tons and Kan-
sas with 1,772. Other states rep-
resented with smaller lots were Ken-
tucky, Indiana, Michigan, Montana,
Utah, Texas, Delaware, Illinois, Wis-
consin and Washington.

JURY FREES PRIEST.

Chicago, Feb. 4.—The Rev. John
J. Mullen, former pastor of the Holy
Rosary church, was insane when he
killed Thomas W. Patterson, a post-
master at Hillside, Ills., according
to the verdict of the jury which
reached an agreement tonight. The
jurors found that Mullen had since
regained his sanity and according to
the authorities this will result in
the immediate release of the priest.

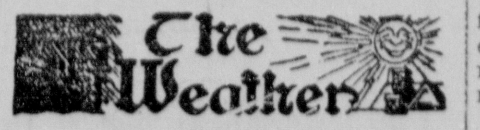

RELATE FURTHER DETAILS OF "MILLION DOLLAR" SWINDLE

ST. LOUIS, Feb. 4.—Further de-
tails of the so-called "million dol-
lar" swindle were related in the
federal court here today at the trial
of men accused of having used the
mails to defraud through pre-ar-
ranged bankruptcies.

The testimony was given by Julius
Steinhart, who pleaded guilty
yesterday. Six of the eleven men
named in the indictments now have
pleaded guilty. One is not here for
trial and four are now before the
court.

Steinhart says he met other al-
leged conspirators in St. Louis and
that they bought goods from the
Great Western Jobbing House here
at 30 to 50 per cent lower than fac-
tory prices.

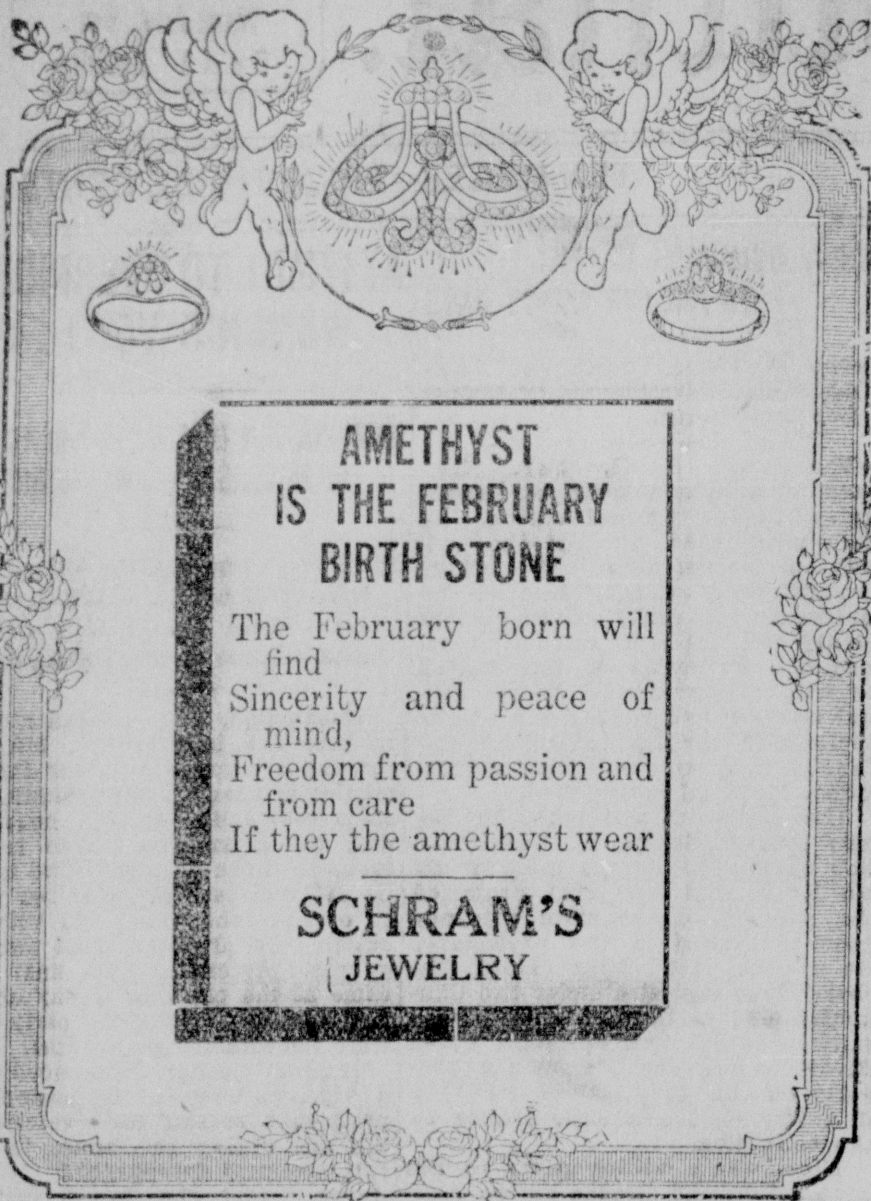

This merchandise, he said, never
had been paid for by the Great
Western company, as the plan was
to obtain considerable quantities on
credit, ship them to other points
and then fail, leaving few assets for
the creditors.

A Flimsy Charge.

So long as human nature remains as it is so long will the trade of calumniator thrive. Relying on the willingness of the public to help injure an innocent man a resident of California has applied for a divorce from his wife and named ex-Governor Yates as correspondent. In this city where the gentleman lived an absolutely unblemished life for so many years the story, which is utterly absurd on the face of it, is not believed.

The idea that after well nigh two years the alleged injured husband should discover that his wife and the governor had been suspiciously intimate is ridiculous. The details as published are so loosely put together as to brand the story as false.

Mr. Yates has no cause for worry over the outcome but the charge and the publicity, while doing him no serious damage, are very annoying.

A Commission Form Puzzle.

Commissioner J. F. Brennan who is not a candidate for re-election and who therefore cannot be charged with any personal interest in the proposed salary ordinance does not believe the ordinance can legally be acted upon in the way proposed. He maintains that such action would be opposed to the provisions of the commission form law and his point seems to be well taken. Under paragraph 30 the commission form act says, referring to mayor and commissioners "and their total and only compensation for the performance of their several and respective duties shall be fixed by the council."

Paragraph 31 goes on to say that "All other officers, assistants or employees of such city shall receive such salary or compensation as the council shall by ordinance provide."

In other words the law does not say that the council shall pass an ordinance naming their own salaries but indicates that the salary can in their own case be determined by a resolution or a motion embodied in the records while for other officers or employees an ordinance is required. An ordinance fixing salaries for mayor and commissioners in view of these provisions does not, at least to a layman, appear to be legal.

THE SALARY QUESTION.

The filing of the petition for an ordinance reducing the salary of city officials has been a theme of considerable speculation during recent days. Dr. Baker, who was one of the persons most active in securing the filing of the petition, states frankly that his idea has not been so much to bring to pass lower salaries of city officials as to secure an arrangement whereby it will be possible to hire one man and place him practically in charge of the city's business.

Dr. Baker has not thought it wise to agitate a change of government from the commission form to the city manager plan, but believes that the passage of the ordinance proposed will make it possible for the city, while having its government under the commission form act, still able to adopt the advantageous features claimed for the city manager plan. He, with quite a good many other people, believes that the ideal form of government would be to have a thoroughly competent man absolutely in charge of all city affairs and have him manage it just as the affairs of a large business corporation. As stated, there are quite a goodly number of people who agree with Dr. Baker that this probably represents the ideal or the most efficient government. There are not a great many people, however, who believe that such an ideal condition can be easily obtained or who think that the present is the time to seek to attain such a high plane of governmental efficiency.

The very fact of the motive, too, which Dr. Baker and his associates confess, is a factor in opposition to the ordinance. It is argued in some quarters that the proposed ordinance is directly opposed to the spirit of the commission form act. Such people say that the theory of the commission form law is to vest in a body or five men full control of the various departments of government and to pay them a sufficient salary to fully discharge all the duties the offices carry with them. They argue that it is not the intent of the law to elect men to office at a nominal salary, who shall then designate the duties to be performed to some employed official. So they maintain that if a number of people favor the city manager plan of government that the way to seek to secure it would be to come out in the open and advocate a change of government plan from commission

form to city manager, and not to seek to change the spirit of the present government by the adoption of an ordinance which would practically change to the other plan.

The proposed ordinance, as stated, has created a good deal of discussion. The commission form act says specifically in paragraph 29 that the salaries of the mayor and commissioners shall be fixed by the council and shall not exceed certain figures. Some men who have considered the law, believe that it is not possible for even the people to adopt an ordinance which is in direct conflict with a provision of the commission form act. They insist that the commission form act is a state law and that its provisions cannot be changed or amended by an ordinance passed either by the council or by the people themselves.

There are others who oppose this view, and while admitting that section 30 does grant to the council the authority to fix their own salaries, claim that paragraph 47, relating to the powers of initiative, grants to the people the authority to override any ordinance of any character passed by the council. They say that it might be different if the state law absolutely fixed the salaries, but whereas the law simply specifies that the council may fix the amount of their own salaries that the initiative provisions were placed in the law for the very purpose of giving to the people the authority to revise the action of the council, on salary or on any other question if they so desired. People who take this view say that it is legal usage to consider all the provisions of a law together rather than to take out any one section and consider it alone without reference to the limitations which may be placed upon it by other provisions in the same enactment.

Persons who oppose the whole proposition, in answer to this argument, ask if it was the intent of the law to permit the people to pass an ordinance fixing salaries, why was it deemed advisable by the legislature to place any limit upon the salaries which the council could fix themselves. They say that if there was any thought that the people should have the right to pass upon the matter, that there would have been no reason at all for fixing the limit of salaries for either mayor or commissioners.

Already quite a number of people whose names appear on the petition have stated that they did not understand what they were signing when the names were affixed, and it can be said as a general proposition and without bias that from all indications the majority of the people are not in sympathy with the provisions of the ordinance. It is argued, too, that the form of the petition does not meet all the conditions, that it should have been presented as an amendment to an existing ordinance rather than as a new ordinance.

A number of persons who said they were not fully informed when they signed the ordinance telephoned to the city hall asking to have their names withdrawn from the petition and were informed that such requests must be in writing.

Women in the News.

New York—It is not generally known here that by her second marriage to Prince Helle de Sagan of Paris, the former Miss Anna Gould, divorced wife of Count Boni de Castellane, became a German princess, but such is the case. The principality of Sagan is in Prussian Silesia, but passed by marriage in Napoleonic times to the Talleyrand-Perigord family of France, of which the prince is the present head. It is a small district embracing 24 estates, a large forest and a castle, the whole constituting a fief of the German Empire entitling the holder to an hereditary seat in the Prussian House of Lords. Though the French owners of the title have never tried to claim the political privilege attached to it, the war has now given rise to a vigorous movement toward dispossessing the French family of such an anomalous right, and an act of the Prussian Parliament may soon dissolve the title, depose the Prince and seize the land. Particular interest attaches to the event, because by a family agreement, the young son of the former Miss Gould, Prince Howard de Sagan, named after Howard Gould, had been given the German principality as his share of the family possessions.

San Francisco, Calif.—The immigration and housing commission of California has issued a warning to women not to come to San Francisco looking for work during the big exposition. Investigation has shown that 10,000 have filed applications with the number of positions open to women is only 1,000. The commission reports that there are between 15,000 and 20,000 women stenographers and office assistants out of work in the state.

New York—Audrey Munson, a young model with classic features and a wonderfully modeled head, is said to have had her exceptional beauty more often reproduced in painting and sculpture than any living woman. Miss Munson has posed for several of the most notable statues adorning the Panama-Pacific buildings, notably for that of "Earth" in the Court of Honor. In this city she is immortalized in the huge gilded figure of "Clyde Pride" and she recently posed for the Titanic memorial.

POINT M. E. CHURCH SOCIETY
HOLDS 14TH. ANNUAL MEETING

Woman's Foreign Missionary Organization Meets for Program, Supper and Evening Entertainment at home of G. S. Richardson.

Mr. and Mrs. George S. Richardson entertained the Woman's Foreign missionary society of Point M. E. church at the fourteenth annual meeting of the organization Thursday and a large number gathered to enjoy a delicious supper and to witness the evening program.

"The Child at Play" was the theme of the regular afternoon meeting, based on the society's regular study course. Mrs. Ray Vasey presided in the absence of Miss Ann Jane Middleton, the president, and Mrs. A. E. Richardson gave a reading.

The supper was begun at 5 o'clock and after all had partaken of the bounteous spread the program was begun with H. H. Richardson as master of ceremonies. Among the numbers was a duet by Mrs. Albert Richardson and Miss Stella Shuff and a humorous musical selection by Mrs. Ray Vasey, Mrs. J. V. Richardson, Joseph Wilson and G. S. Richardson. Mrs. Grover Vasey, Mrs. Ray Vasey and Miss Louise Middleton gave a comic travel dialogue and Robert Scott, Harry Scott, Joseph Wilson and Grover Vasey appeared as a male quartet. The "Plunktown Band" with Mr. Brown taking the place of Robert Scott, was next on the program and Miss Esther Vasey, the director, alone knows the extent of their musical knowledge. Mr. Brown gave a violin solo and Wayne Gibbs was heard in a solo on the cornet. A novel feature of the program was the pantomime by Mrs. Scott Holmes. Three well-given recitations were spoken respectively by Gordon Vasey, George Wilson and Wilma Richardson.

Among the Jacksonville people present were the Rev. W. A. Boyd, pastor of Point M. E. church, and Mrs. Boyd, Mr. and Mrs. James Allan, Dr. and Mrs. Charles E. Scott, Mr. and Mrs. S. O. Shuff, Miss Stella Shuff, Mr. and Mrs. H. D. Atkins, Miss Clara Ransom, Miss Elizabeth Groves and W. J. Brady. James Mahon was present from the Sinclair neighborhood.

The horse is stolen is one of the favorite diversions of our Uncle Sam. Considerable agitation is being started to prohibit the export of wheat but by the time the facts are brought out our surplus wheat is gone. Professional politicians are howling for an investigation of the Baker, Grain Dealer and "Miller," blaming them for the high prices. In about 60 days they will know that the cause is the heavy exports and perhaps put an embargo on wheat and Cainsin Flour. The "horse will be gone" and prices of Flour will go higher than ever. FUNERAL SERVICES HELD FOR THE LATE BUKER E. MARTIN

Large Number Gathers at Home to Pay Tribute of Respect—Services in Charge of Dr. F. S. Hayden.

Funeral services were held for the late Buker E. Martin, at the family residence, 500 West Morton avenue, Thursday afternoon, at 2:30 o'clock. There was a large assemblage of friends and members of the Cigarmakers Union to which Mr. Martin belonged, attended in a body.

There were many beautiful flowers and they were in charge of Clarence Buckingham assisted by others.

Dr. F. S. Hayden, dean of Illinois college, had charge of the services. He read passages of scriptures appropriate to the occasion and gave a fitting eulogy to the life and character of Mr. Martin.

Burial was made in Diamond Grove cemetery and the bearers were Messrs. Louis Hoffman, George Siegfried, Robert Cassell, John Reeve, D. T. Heimlich and Wm. Schildman.

SUGGESTION MADE THAT COUNTY PAY BOUNTY ON CROWS

Board Has Authority to Take Such Action—Birds Said to Increase Danger of Foot and Mouth Disease.

In a communication to the Journal, Marshall L. Rees of the Franklin neighborhood, suggests that it would be a good idea for the county board to authorize a bounty upon the crows, with the special purpose of lessening the danger there is of these birds carrying germs of the foot and mouth disease from farm to farm. There would be a double benefit from the fact that crows are said to be a menace to crops, at least they make their livelihood by ravages upon the grain fields.

The state law provides that county boards may authorize a bounty upon crows' heads and eggs if they fix this bounty at any reasonable sum. If the board should take such action it would be necessary to formally record the motion, and such record would be the authority for the county clerk to issue a certificate stating the amount of money due the person who presented the heads or eggs. The certificates would then be presentable to the county treasurer to cash.

Some years ago the county board offered bounty on English sparrows, paying two cents a head therefor, and as a result of this offer, boys in the city and county made an incessant warfare on sparrows and greatly reduced the number. If there are any further outbreaks of the foot and mouth disease in this county the commissioners will act wisely in any reasonable provision they make looking toward the extermination of the disease.

This Label Stands for the Child and the Home

Twelve thousand children are working in the cigar factories of the United States, according to the last reports of the Government census. Shops in which members of the Cigar Makers' Union are employed have no children employed at making cigars. The C. M. I. U. of A. does not stand for such a practice. When buying cigars look for our Blue Label. It is a safeguard against child labor.

Games of especial interest to children were played and "Little Jack Horner who sat in a Corner" gave each one a prize. Some nice refreshments were served, a birthday cake lighted with seven candles being a feature, and before leaving each child was given a souvenir of the occasion. The children had a happy time and all wished Ormand many more happy birthdays. Little Frances O'Donnell and Lucille Bennett did the serving.

A bountiful turkey dinner was served at noon and all present had a most enjoyable time. The table was prettily decorated with flowers and a huge birthday cake with eighty candles burning upon it was the feature of the dinner.

Much credit is due her niece, Mrs. C. W. Cully for the success of the gathering as it was she who made all arrangements and preparations for the affair.

The Conscientious Kicker

is one of the most valuable assets a community can possess, and to the credit of American cities let it be said that each has one or more able representatives of the type.

The Conscientious Kicker is ever ready to protest against injustice, to plead for reform and to combat wrong. His demands are seldom selfish, but, more frequently, are made in the interest of his fellow citizens rather than his own. He speaks for numbers and knows it; therefore it is small wonder that he frequently speaks with authority.

The Conscientious Kicker should not be confused with the chronic kicker or the professional fault finder, because his kicks are made with a sincere desire to improve things, while theirs are actuated by nothing more praiseworthy than habit.

Our latchstring is always on the door for the Conscientious Kicker. We know of no one from whom we would rather receive suggestions or with whom we would rather co-operate in our endeavor to perfect Jacksonville's gas, electric and transportation services.

FINAL SUMMONS COMES TO WILLIAM DEVORE

Pass Away at Family Residence on South Main Street at the Age of 77 Years.

William Devore, died Thursday evening at 9:45 o'clock at the family residence, 1536 South Main street, after an illness of ten days, death being due to erysipelas.

He was born in the Asbury neighborhood, August 13, 1838, and had practically spent his entire life in that community, where he followed the occupation of a farmer, until he moved to Jacksonville some few years ago.

He married Miss Emma Davenport of Pisgah, Ill., Sept. 29, 1869, and to them ten children were born of whom nine are living as follows: Clara B., Mrs. Elmer Smith, Marion A., John, Fannie J., Harvey L., Edward E., Mrs. Charles Mason, all of whom reside in this community except John, whose home is in Chicago. The two children dead are Della May and Urian Allen.

Mr. Devore was a man of strong convictions for that which was right and honorable. His word was as good as his bond and in all his transactions he was known for his uprightness and trust. As a farmer he was very successful and was well posted upon the various phases of farm life and was an authority on grain and stock raising. When a young man he united with the Asbury church and has ever lived a consistent Christian life. He was a good father, a loving husband and a kind neighbor.

The funeral will be held Sunday afternoon at 2 o'clock from the Asbury church in charge of Rev. F. A. McCarty assisted by Rev. W. V. Theobald. Friends wishing to see the remains will call at the home as the casket will not be opened at the church.

FEDERATION OF WOMEN'S CLUBS MEETING THURSDAY

Officers and Members Hold Business Session—Reports Showed Work of District to be Progressing—Luncheon at Dunlap Hotel.

A meeting of the executive board of the 20th District Federation of Women's clubs was held Thursday, with Mrs. J. K. C. Pierson and Mrs. A. L. Adams as hostesses. The district includes ten counties and there was a good representation present. A business session was held at 11 o'clock after which the members visited the Open Air school. As this institution is part of the tuberculosis survey of Illinois, in which the club is interested, the members found much profit in visiting the school. At the business session the chairman of the seven counties gave their respective reports and the report by the vice presidents told of the work done in each county, which was most encouraging. Mrs. Edgar Glandon of Pittsfield, chairman of the program committee for the annual meeting to be held in Pittsfield gave an outline of what all could expect at the gathering.

At 1 o'clock luncheon was served in the ordinary at the Dunlap hotel. Among those present were Miss Ella Glenn, Ashland, president; Mrs. C. E. Snott, Petersburg, vice-president; Mrs. J. D. Hess, Pittsfield, Recording Secretary; Mrs. J. H. Dearborn, Mason City; Mrs. E. E. Nicholson, Beardstown; Mrs. George Luthringer, Petersburg; Mrs. Edgar G. Glandon, Pittsfield; Mrs. W. E. McFarland, Havana; Mrs. J. K. C. Pierson and Mrs. A. L. Adams. Miss Kathryn Olmsted, city health nurse was a guest of honor at the meeting and gave an instructive address on the Open Air school.

CONSIDER PLAN TO LET BILL GO TO COMMITTEE

SHIP PURCHASE CHAMPIONS Ponder Over Problem.

Believe They Can Bring Measure Up Again on Motion to Discharge the Committee if it Should Not Act Promptly.

Washington, Feb. 4.—Frustrated again today in their plan to recommit the government ship purchase bill with instructions for its amendment, administration leaders of the senate tonight were considering a proposal to let the bill go to committee without instructions with a view to bringing it up again on a motion to discharge the committee if it should not act promptly. Although no agreement was reached to proceed on this new line of action, the fact that the champions of the bill found themselves lacking at least two of a majority and with no possibility of changing this situation until next Monday at the earliest, led them to ponder over some other solution of the problem.

Senators who favor the new plan pointed out tonight that some of the Progressive Republicans and some of the insurgent Democrats are pledged merely to vote for a motion to recommit the bill without instructions. From these they believe pledges of support could be procured for a subsequent motion to discharge the commerce commission from further consideration of the bill if it failed to return the measure with amendments recommended by the conference.

Senator Fletcher in charge of the bill said he would be willing to recommit if he could have assurance of enough votes to carry a motion to discharge the committee. By such a plan, he said, the bill could be placed before the senate again as readily as though the passage of the motion to recommit with instructions. Senator Fletcher said still another plan was being discussed but that it was not ready for revelation. If no other way out can be found, administration senators propose to prevent any vote until Senators Newlands and Smith of South Carolina return to Washington next week. Then with the vote 48 to 48 they would count upon Vice-President Marshall to break a tie in their favor. All seven of the revolving Democrats are standing firm with the Republicans, so today the administration leaders, counting Senators LaFollette and Norris with them, could only muster 46 votes while the Republicans had 48 votes in the senate.

The Democrats had hoped to have enough strength to carry their point today but the return of Senator Lewis of Illinois from Asheville, N. C., was promptly offset by the arrival of Senator Fall of New Mexico and Penrose, long absent on account of illness. The Republicans were jubilant over their second coupe of long legislative struggle over the bill when the Democrats were forced to take the floor to talk against it. Senator Reed spent most of the afternoon discussing the immigration bill veto and Senators Camden and Hardwick, of the insurgent Democrats, defended their positions.

Some of the Republican leaders were inclined to force the Democrats into all night sessions but others deemed this to be unwise for the reason that the Democrats might find some of the Republican senators absent and press a vote. Report River and Harbor Bill. With an increase of \$4,489,300 over the bill as it passed the house, the senate commerce committee today reported the rivers and harbors appropriation bill carrying a total of \$38,627,88.

Senator Fletcher announced that he hoped to call the bill as soon as possible. Items added to the bill included \$77,300 for the inland waterway between Rehoboth Bay and Delaware Bay, Delaware, and \$30,000 for maintenance of the ship canal connecting waters of the great lakes between Chicago, Duluth and Buffalo.

Senator Burton proposes to fight the bill as he did at the last session, if it is reached before adjournment. Reports last November that Sir Roger, the leader of the Separatist faction in Ireland, had gone to Berlin and conferred with the German imperial authorities caused a sensation in England. A dispatch from Berlin which was attributed to the German foreign office said that it was Sir Roger's intention of opening negotiations between the German government and the anti-English party in Ireland.

RITCHIE TO MEET WELSH.

Los Angeles, Feb. 4.—Willie Ritchie, former lightweight champion, signed articles here today to meet Freddie Welsh, the present title holder, in a ten round boxing bout at Madison Square garden, New York, the afternoon of March 11th. Ritchie agrees to weigh 135 pounds.

EUROPEAN WAR NOTES

London, Feb. 4.—(6:50 p. m.)—Lieut. Sharpe of the Canadian contingent of the royal flying corps, was killed this afternoon while flying at Shorham. He was returning from a trip when his biplane suddenly dived to earth. The machine was smashed and Lieut. Sharpe died within a few minutes.

Berlin, Feb. 4.—By wireless to Sayville, N. Y.—The German supreme military court has commuted to imprisonment for twenty years the death sentence imposed on William Lonsdale, a British soldier, for an attack on a German non-commissioned officer at the military prison at Doberitz.

Vienna, via London, Feb. 4.—(10:55 p. m.)—The war office issued the following official statement today: "In Poland and Galicia there have been no events worth mentioning. The battles in the Carpathians continue with undiminished violence. "On the western front hostile attacks have been repulsed and our troops succeeded in gaining some ground in the wooded mountains and captured some hundreds of prisoners."

Paris, Feb. 4.—(10:30 p. m.)—The following official communication was issued by the French war office tonight:

"Artillery engagements have occurred in Belgium and to the north of Arras, west of the road between Lille and Arras."

"We have captured from two to three hundred meters of the enemy's trenches near Hebuterne, north of Albert. Our fire has reached convoys and assembling points."

"By the very efficient shooting of our artillery in the valley of the Aisne the German batteries were silenced, caissons were blown up, the men engaged in constructing works dispersed and aeroplanes put to flight."

"In front of Verdun we succeeded in bringing down an aeroplane and taking the aviators prisoners."

"In Alsace a German attack near Uffholtz has failed completely."

Berlin, Feb. 4.—By wireless to Sayville, N. Y.—The German admiralty issued today the following communication: "The waters around Great Britain and Ireland, including the whole English Channel, are declared a war zone from and after Feb. 18, 1915. "Every enemy ship found in this war zone will be destroyed even if it is impossible to avert dangers which threaten the crew and passengers."

"Also neutral ships in the war zone are in danger, as in consequence of the misuse of neutral flags ordered by the British government on January 31st and in view of the hazards of naval warfare, it cannot always be avoided that attacks meant for enemy ships endanger neutral ships."

"Shipping northward around the Shetland Islands in the eastern basin of the North Sea and in a strip of at least thirty nautical miles in breadth along the Dutch coast is endangered in the same way."

Cairo, Feb. 4.—Via London.—(8:30 p. m.)—The following official statement recounting the repulse of a Turkish force which attacked the Suez canal was given out here today:

"At daybreak yesterday the enemy advanced on the posts at Toussoum (35 miles north of Suez). When they attempted to cross the canal on Tuesday night and their artillery bombardment of Toussoum and Serapeum, our artillery, supported by ships in the canal, repulsed them."

"The enemy tried to cross the canal on rafts, but retired at three o'clock in the afternoon with the loss of eight officers and numerous dead, while 282 more prisoners were taken."

"Our losses were two officers and thirteen men killed and fifty-eight men wounded."

"At Elkantara (40 miles south of Port Said) the enemy also attacked but was driven off, leaving 21 men killed and 25 wounded and 25 unwounded prisoners in our hands."

"The enemy's force consisted of 1,200 men and six batteries."

Amsterdam, Feb. 4.—Via London, Feb. 5.—(12:50 a. m.)—The Austro-Hungarian war press bureau has assumed the following:

"Artillery and infantry fighting continues along the Nida river. "We evacuated Tarnow (Galicia) after the Russians bombarded the place with heavy mortars. "A decisive battle is being fought in the region of Dukla where strong Russian pressure is felt in the direction of Dukla Pass and neighboring passes. The fighting in the Carpathians is being seriously interfered with by the deep snow."

Petrograd, Feb. 4.—It is announced that the Russian troops on Feb. 3rd, occupied Volskhiadlowska, (Wola Szydlowiecka) to the east of Bolimow, Poland.

STATES BUYING AMERICAN SUGAR WOULD BENEFIT ENGLAND'S ENEMY

LONDON, Feb. 4.—(4:50 p. m.)—Prohibition of the sale of American sugar in this country was brought up in the house of commons today by Sir James Dalziel, who desired to know why a neutral country should be debarred from sending sugar here, to the embarrassment of British manufacturers. The home secretary, Reginald McKenna, replied that sugar exported from America would be replaced with supplies obtained from an enemy of Great Britain.

"No, not in this case," Sir James retorted. "I have documentary proof of it," Mr. McKenna said. He added that the prohibition would not be removed so long as the removal would benefit an enemy of England.

Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

Greatest Event in Woman's Life

All human experience looks back to motherhood as the wonder of wonders. The patience, the fortitude, the sublime faith during the period of expectancy are second only to the mother love bestowed upon the most helpless but most marvelous creation—a baby.

Women are quick to learn from each other those helpful agencies that aid to comfort, that conserve their nervous energy and yet are perfectly safe to use and among these they recommend "Mother's Friend."

It is entirely an external application designed to lubricate the broad, flat muscles and skin that protect the abdomen. It has been in favorable use for nearly half a century and is known to mothers in almost every settled community in the United States who highly recommend it. You will find it on sale in drug stores. "Mother's Friend" is utterly harmless, contains no denaturing drugs and yet its influence in the skin and muscles beneath as also upon the network of nerves beneath the skin is very beneficial, very soothing and a wonderful help. The muscles expand naturally and are not subjected to the unnecessary surface strain and pain during a most trying period.

Get a bottle of "Mother's Friend" today at any drug store and write to us for our instructive little book to mothers. Address: Bradfield Regulator Co., 513 Lamar Bldg., Atlanta, Ga.

It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

NOT WORTH WHILE

The night of death will soon descend; a few short years and then the end, and perfect rest is ours; forgotten by the busy throng, we'll sleep, while seasons roll along, beneath the grass and flowers. Our sojourn in this world is brief, so why go hunting care and grief, why have a troubled mind. And what's the use of getting mad, and making folks around us sad, by saying words unkind? Why not abjure the base and mean, why not be sunny and serene, from spite and envy free? Why not be happy while we may, and make our little earthly stay a joyous jamboree? We're here for such a little while! And then we go and leave the pile for which we strive and strain; worn out and broken by the grind, we go, and leave our wads behind—such efforts all in vain. We break our hearts and twist our souls acquiring large and useless rolls of coins and kindred things, and when we reach St. Peter's Town, they will not buy a sheet-iron crown, or cast-off pair of wings. Why scheme and sweat and skimp and save? The money will not buy a grave much better than the one in which the village pauper lies; in this brief life that man is wise who has has share of fun.

CATARRH CAUSED BY A GERM

Must Be Destroyed Before Catarrh Itself Can Be Cured, Says Specialist—Wonderful Results From Breathing Medicated Air.

Medicine taken into the stomach will never cure catarrh. And neither will the sprays, douches, lotions, creams and other temporary remedies that so many catarrh victims make a habit of using. To cure catarrh so it won't come back you must first drive from your body the millions of germs that are flourishing in the inner recesses of your nose and throat and are causing the disease.

There is a preparation which does this called Hyomei (pronounced High-o-mey). Hyomei is a germ killing vaporized air formed from the purest oil of Eucalyptus combined with other healing and antiseptic ingredients. You breathe Hyomei through the mouth and nose by means of a little hard rubber inhaler which distributes furnish with it. This medicated germicidal air penetrates into every fold and crevice of the mucous membrane of your nose and throat, kills the catarrh germs that lodge there, soothes, reduces and heels the swollen inflamed membranes, stops the discharge and opens up the clogged nose and air passages in a truly wonderful way. It gives blessed relief in five minutes from catarrhal distress of every kind and if you make a practice of breathing Hyomei for a few minutes each day for just a few weeks not only will all the symptoms of catarrh vanish but the disease itself will be a thing of the past. No one need try or buy Hyomei on pure faith. Coover and Shreve and many other leading druggists in Jacksonville and vicinity sell it with the positive guarantee that it must cure catarrh or that the money paid for it will be refunded. Hyomei is very inexpensive and with this protecting guarantee behind your purchase there is absolutely no reason why any sufferer from Catarrh should not give it a fair trial.—Advertisement.

Physician's Prescription For Indigestion

Important For All Those Who Suffer After Eating.

If you suffer from indigestion after eating and find that instead of the one little pepsi or soda pill you used to take, it now needs two or three to stop it, it's time you called a halt and did some hard thinking. The plain truth is that there are thousands of men and women in this country whose stomachs are dead or dying from lack of exercise while they themselves still live. They can't go on this way much longer. It's wonderful to think that powerful drugs compressed in a pill will even for a little while do the work of a human stomach. But no pill was ever made that could do it for long.

A dead stomach can't be brought to life but a slowly dying stomach can and must or its owner must soon follow. Years ago a famous physician wrote the prescription for Mi-o-na Stomach Tablets and thousands owe their very life to them today. Most stomach remedies work on the food and digest it. Mi-o-na works on the stomach and digests nothing. Mi-o-na Tablets strengthen the stomach walls, stimulate the stomach muscles and vitalize the stomach machinery into instant and normal action. The stomach starts at once to churn its food and normal, painless digestion follows. Coover and Shreve and many other leading druggists hereabouts sell Mi-o-na Tablets, agreeing to refund money in any case where it does not do these two things. First, in ten minutes give relief from heartburn, gas, belching, acidity, sour rising, etc. Second, in thirty days completely renovate, cleanse and strengthen the stomach so it can do its own work without aid of any kind. If your own druggist thinks this well of Mi-o-na you surely ought to try it.—Advertisement.

CITY'S APPEAL IN LIQUOR CASE IS DISMISSED

Supreme Court Ruling Was That the Case Should Have Been Heard at the December Term—Effort May Be Made for a Re-hearing.

The supreme court of Illinois has dismissed the appeal of the city of Jacksonville against the Chicago & Alton railroad. This case was the result of proceedings brought in the circuit court in an effort to recover from the C. & A. because of an alleged violation of the anti-shipping ordinance passed by the city council.

The case was an action for debt in which the city charged that the Chicago & Alton carried a keg of beer consigned to George Murphy in this city. Damages in the sum of \$50 for conveying the liquor and \$50 for the delivery of the same were asked. City Attorney Thompson prepared the case on behalf of the city, assisted by James H. Danekin. The railroad was represented by Kirby, Wilson & Brockhouse. When the case was called for trial before Judge Jones, the defendant railroad entered a general demurrer and when the demurrer was argued Judge Jones took the matter under advisement for an extended period. Subsequently he rendered a written opinion in which he sustained the demurrer filed by the attorneys for the railroad.

Difference as to Dates. The attorneys for the city stood by their original declaration and prayed an appeal to the supreme court, which was granted. This appeal was entered of record on Oct. 12th and a fine point of law developed as to whether the appeal should have been filed for December term of the supreme court which convened Dec. 1. The attorneys for the city, believing that it was not necessary to file the appeal at the December term. The law provides that an appeal to the supreme court must be filed at the term thereof next succeeding the granting of the appeal if there is an interim of fifty days between the granting of the motion for an appeal and the convening of the court. The appellate court has held that in calculating the fifty days that there shall be this number not including the day on which the appeal is allowed or the day on which the court convenes.

The supreme court, however, in dismissing the city's appeal in this case, held that the fifty days includes the day on which the supreme court convenes. The appeal was granted on Oct. 12, and the court held that the fifty day term after was the first day of the December term of the supreme court, and that the record should have been filed twenty days before the beginning of the December term instead of for the February term. This point was called to the attention of the court by the attorneys for the railroad and they asked that the appeal be dismissed on this ground. At the same time a brief and argument was filed so that if the motion for dismissal was not allowed by the court, that the interests of the railroad would be covered. It is possible that the appeal would have been dismissed even had this motion not been made by the attorneys for the railroad, as the court has frequently in times past dismissed cases without such motions where it was plain that cases should have been heard at a previous term of the court.

Demurrer Was Sustained. As stated above, the argument in the circuit court was upon the demurrer which the defendant railroad entered in replying to the general declaration. This demurrer included numerous points, but laid special emphasis upon the claim that the city council exceeded its authority in passing the anti-shipping ordinance. It was not denied that the council has authority to legislate concerning the sale of liquor in the city of Jacksonville, but the right of the city to pass an ordinance absolutely making it an offense against the law for a common carrier to convey a shipment of liquor into the city without proving that the shipment was intended for illegal purposes, was denied. It was upon this point particularly that Judge Jones dwelt in giving his opinion which sustained the demurrer. He held that the provisions of the ordinance were such that they would exclude the shipment of wine or any spirituous liquor for medical or sacramental purposes or for the private consumption of the person receiving the shipment. He held that this was not the intent or provision of the local option law under which the city is operating, and that in making such a provision that the city council attempted to pass legislation in excess of the authority conveyed to them by the statutes of the state. The authority assumed by the provisions of the anti-shipping ordinance, he contended, was only vested in the legislature of the state.

Just what is the status of the appeal at this time is not known. The supreme court dismissed the appeal, but it may be possible that a petition for rehearing can in some way be filed. This is the contention of the attorneys for the city. Attorneys for the railroad, however, maintain that the law specifies the time within which an appeal must be filed and that since the appeal was not filed in accordance with the legal provision that it was dismissed and that this constitutes the final action.

ASSOCIATED CHARITIES COMPLETE BUSY YEAR

MANY CASES RECEIVE ATTENTION DURING THE PAST TWELVE MONTHS.

Miss Weller Presents Report For Charities Work and Mr. Heint Gives Financial Summary—James Mullenbach of Chicago Speaker at Annual Meeting Thursday at the Grace church.

One of the busiest years during the life of the association has just been completed, as shown by the report of Miss Emma S. Weller at the annual meeting of the Associated Charities, held Thursday evening at 6:30 o'clock in the parlors of Grace M. E. church. The report of the treasurer, F. J. Heint, showed the finances of the association to be in good condition with almost five hundred dollars in the treasury. The three functions of a charities organization was the theme of an interesting discourse by James Mullenbach of Chicago, who addressed the members after the presentation of reports.

A supper, served by the Pastor's Aid society of Grace church, was first enjoyed and eighty-five persons partook of a delicious menu which did full justice to the ladies' reputation in this regard. On the supper committee were: Mrs. F. H. Rowe, president of the society; Mrs. Grant Graft, Mrs. A. H. Atherton, Mrs. E. C. Cole, Miss Ida Marsh, Mrs. E. D. Herald and Mrs. E. L. Crouch.

Three Important Functions. "An efficient charities association has three functions," said Mr. Mullenbach, "which it must do to fulfill its place in the community and justify its purpose of organization. It should correlate the activities of all philanthropic organizations and furnish for them a fund of information of social value to the city; it should give relief when necessary, so far as possible with workers who have been especially trained for public service and it should use all resources at its command for the prevention of poverty and the permanent cure of those ills with which society just now is so sorely afflicted."

Mr. Mullenbach is chairman of the trade board which settles the disputes between Hart, Schaffner & Marx and their employees and has opportunity for a close study of industrial relations. He has become acquainted with all phases of social service both as a public official in Chicago and as an administrator of private charity. He brought to notice the two uses to which contributed monies are put: administrative purposes, and for use in actual relief. In Chicago, he said, so much preference is shown for the administrative fund by donors that it is necessary to borrow from this sum to keep to standard the fund maintained for actual relief, in other words "the way help is given is much more important than the actual amount of aid supplied."

Mr. Mullenbach spoke of the value of private charitable enterprises, mentioning as an example the open air school. Under private tutelage such organizations are compelled to serve as "experiment stations" but after they have proved their worth, they should be taken over by the municipality and conducted for the good of the people as a whole. The necessity for trained service Mr. Mullenbach especially emphasized. "In no occupation or pursuit is there so much demand for the brains and experience only the trained worker can supply. We are apt to think that any man with a good heart or any mother in Israel can go to a family in distress and give them just the kind of aid they need. Such persons can help, but more than likely they will succeed merely in tiding them from one week of misery into the next."

The Treasurer's Report. The statement of finances for the year closing Thursday, follows: "To the officers, directors and members of the Associated Charities of Jacksonville, Ill., the undersigned, your treasurer, herewith submits his annual report for the past year: Balance, Dec. 19, 1913 \$ 50.63 Receipts, members and cash contributions 480.77 The Journal United Charities Fund 483.56 Jacksonville Ry. & Light Co., fund 191.86 Total receipts \$1206.80 Expenditures: Vouchers paid \$ 722.14 Balance, Feb. 4, 1915 \$ 484.66

Miss Weller's Report. "One of the busiest years of our association has just ended. During the fall and winter we have been taxed to an unusual degree because of the severe weather, and especially because of the general depression in the labor markets of the country. With the enforced idleness of our bread-winners many applicants for aid have come to our office who would not otherwise have applied. "The real work of an associated charity organization can not be expressed by figures, yet we must consider the number of individuals who come under our care each year. "Since the first day of January 1914, and the first day of January 1915, we have aided and befriended 374 applicants. In addition to these 229 transients—an unusually large number for us—have asked for assistance. These requests for help have involved many interviews with the applicants and with individuals who were interested in them and in this way we have made 344 calls in their behalf.

"Not since the organization of this society in 1900 have we been so pressed financially as we were this fall, until the generous Thanksgiving offerings from church and schools, and the most liberal Christmas donations gave very strong proof of the fact that this society belongs to no man or set of men, but that it is a general citizens organization, and belongs to the whole community. The co-operation and material assistance thus rendered has been very gratifying and has enabled us to give more adequate assistance than we have been able to give heretofore. "Money receipts for the year including membership fees and Christmas and street car receipts, \$1348.30. General expense \$501.80. Relief etc. to January 1, \$345.76. Total \$847.56. Balance on hand \$500.74. "As the city matron's report has always been included at this annual meeting, I will state that there were reported 42 cases of delinquency and 30 cases of dependency. Monthly reports are made to the city but these reports are abbreviated in the newspapers.

MRS. S. E. HILL TO ERECT NEW RESIDENCE PROPERTY Mrs. Sarah E. Hill, 202 West College street, is planning soon to erect an eight-room dwelling on the lot just west of her residence, Ellsworth Wells has the contract for the brick work and Sylvester Chumley will be the carpenter. Building operations will begin about March 1st and the house when completed will be occupied by Ollie Parker, who is removing from the residence at 205 West College street and will live in the Fitch apartments on South Main street until the Hill property is finished. Mr. and Mrs. Thomas Waggener will occupy the residence vacated by Mr. Parker, having purchased the place a few days since from Ellsworth Wells.

MORE HOGS FROM LYNNVILLE This year the hogs of J. D. F. Gouveia of Lynnville escaped the cholera and he has had 32 fine porkers to market and decided he would not take any chances on them but sell them to the Jacksonville Packing company and accordingly he waited for a pleasant(?) day and yesterday brought them to the city. He had good neighbors just as his friend did a few days ago when he turned out this time he was assisted to the city with his hogs by Frank Masters, Moses Perry and Clyde McCarty.

A GOOD WORD FOR JACKSONVILLE A short time ago a big establishment in Springfield shut down throwing several hundred men out of work. One of them came down to this city and when asked what induced him to come where there was not very good prospect for work replied that he was a single man and had saved up some money and if he remained in Springfield he would be expected often to stand treat or be regarded as a cheap, stingy skate and he preferred to be in a dry city where there were no such temptations.

STORY'S EXCHANGE

With the nearer approach of spring there is the usual high tension among those who have not yet bought either farm or city property. They believe in "watchful waiting," but the time for action must come, and such deals are often hurriedly made, and perhaps no more satisfactory than some lost opportunities.

1. We have still a limited number of farms that are held for immediate sale, and at bargain prices, possession March 1. Those who are undecided can have a choice among them.

(a) 123 acres very near town, well improved, \$150. Will carry \$10,000 back on farm.

(b) 160 acres well improved, \$125; \$7,000 cash, 5 years time on balance.

(c) 60 acres, rolling land, fine improvement, \$100 per acre, one half cash, balance 5 years time.

CITY PROPERTY. (a) A magnificent residence, close in, easy terms. (b) A seven room house, paved street; entirely modern and in perfect order. A REAL GENUINE SNAP.

NEW LEGISLATION FOR THE PHILIPPINES NOT LIKELY

Bill Giving Independence to People
Will not Get to a Vote at This
Session.

Washington, Feb. 4.—It is not
expected that the Philippine Bill
pending in the United States Senate
will be reached at this session. Nev-
ertheless it has many ardent back-
ers, and a new preamble has been
written into it, defining one of the
most important points, that the United
States will be the judge of the
ability of the Philippine people to
govern themselves. Complete inde-
pendence is promised in the revised
preamble, the text of which fol-
lows:

"Whereas, It is desirable to place
in the hands of the people of the
Philippines such an increasing con-
trol of their domestic affairs as can
be given them without, in the mean-
time, impairing the sovereignty of
the United States, in order that, by
the use and exercise of popular fran-
chise and governmental powers, they
may be the better prepared to
fully assume the responsibilities and
enjoy all the privileges of complete
independence, which it is the pur-
pose of the United States to grant,
when, in the judgment of the United
States, the people of the Philippine
Islands shall be fitted therefor."

Some truly amazing facts have
been given by General Frank Mc-
Intyre, chief of the Bureau of In-
sular Affairs, concerning the devel-
opment which the Filipinos have
already made. In the short time
that American influence has been
at work there, the Filipino has gained
complete control of his municipal
government. He elects all of the
officers and almost invariably the
officers are natives. The municipal
judge in every town is a native. The
judiciary, the constabulary, the bur-
eaus of education, prisons, public
works and agriculture, the light-
house service and the coast survey
are all established on modern lines
and are conducted economically and
efficiently.

The 60,000,000 acres of public
domain, half forest and half agricul-
tural land, are being kept for the
natives and are not being exploited
by capitalists and settlers from the
outside.

According to General McIntyre
the natives are self-supporting. They
are paying their bills, are put-
ting funds aside each year to
meet their small bonded debt, and
have comfortable bank balances in
many American banks. That the
Filipinos are making headway to-
ward the day when they will be
competent to govern themselves, is
the confident assertion of Gen. Mc-
Intyre. He says that the Moros, the
hardest to handle of the entire na-
tive races, are now governed by a
civilian. The Moros, former rob-
bers and heathen warriors, are be-
coming good citizens, are sending
their children to schools. They have
their own constabulary and "Uncle
Sam's" soldiers have been withdrawn.
Professional brigands have been
driven out of business. Boys and
girls to the number of 525,000 are
attending the public schools. There
are 4394 schools in the Philippines
now, a gain of 400 in one year.

"Let me repeat," says Gen. Mc-
Intyre, "that the government of the
Filipino people is self-sustaining.
The taxes collected are paying for
all the functions and activities of
the government, for the courts, the
postal service, the preservation of
the forests, the survey of the islands,
the public schools and the improve-
ment of rivers and harbors. There is
peace everywhere and the people are
happier and more prosperous
than ever before."

DAY.** For Men and Boys. Come
early, get in line as the big values

GUILD WILL MEET.
Westminster Guild will meet this
afternoon at 3:30 o'clock at the
home of Miss Ruth Miller, West
North Street. Members are request-
ed to bring their dues.

CLARK AND KITCHIN TO LEAD.

Washington, Feb. 4.—A caucus
of the Democratic members of the
House of Representatives is sched-
uled for this afternoon, when the cer-
emony of endorsing Champ Clark to
succeed himself as speaker in the
64th Congress will be the main busi-
ness. It is believed the Speaker
will accept the chair in the next
Congress. Claude Kitchin of North
Carolina will get the place of Floor
Leader of the majority, now held
by Oscar Underwood, who goes to
the Senate in March.

The caucus will have its conten-
tions, however, for there are sev-
eral big fights for places on the Ways
and Means Committee, which is the
tax-making and steering body of
Congress. There are six vacancies
and many candidates, and it will
take some clever picking to satisfy
all sections.

LOUISVILLE GAMBLERS IN COURT

Louisville, Ky., Feb. 4.—The first
of the long list of trials of gamblers
in Louisville to be tried this month,
were called today by Judge James
P. Gregory in the Criminal Court.
The men are accused of making
hand books on the horse races, and
have been indicted by the grand
jury.

NORDICA'S LONESOME END.

New York, Feb. 4.—One of the
most complicated will cases in the
history of the New Jersey courts
is that of Lillian Nordica, who died
on Thursday Island, while on a tour
of the world, leaving two wills. In
the second will made just before her
death, she cuts off her husband,
who is seeking to have the first will
recognized. Complication arises as
to whether she lived legally in New
York or New Jersey. And, further,
it may yet be necessary to in-
vestigate the circumstances of the will
which she made on Thursday Is-
land just before her death.

The most pathetic letters that a
great star has ever written are those
of Nordica to her husband. The
woman who for so many years had
been idolized in America and Eu-
rope, passed much of her time in
utter loneliness, facing the prospect
of failure on her world tour. "They
say hope springs eternal," she wrote
"but in my case I find I have lost
heart and faith, and only can plod
along day after day, only too happy
when night comes, and I count one
day less to live on this earth."

returned from Springfield, where
they went to attend a session of the
executive committee of the woman's

CANADIAN PARLIAMENT MEETS

Ottawa, Ont., Feb. 4.—When the
Canadian Parliament today opened
its session, the principal business
on the minds of each of the mem-
bers was the appropriation of addi-
tional war funds. Fifty millions
have already been voted, and it is
expected that \$100,000,000 more
will be appropriated immediately.
The session will be confined almost
exclusively to legislation connected
with the war, such as tariff changes
to raise additional revenue, and ap-
propriations for the expeditionary
forces. It is believed that a stamp
tax will be formulated and adopted
to raise additional war revenue, rat-
ified after the new tax now in
force in the United States.

low the lead of his chief and an-
nounce his thought in Indianapolis is
the subject of much speculation.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR

Bring Back its Gloss, Lustre, Chan-
and Get Rid of Dandruff.

To be possessed of a head of hair
beautiful hair; soft, lustrous, fluff
way and free from dandruff, is
merely a matter of using a little
Danderine.

It is easy and inexpensive to have
nice, soft hair and lots of it. Jus-
get a 25 cent bottle of Knowlton
Danderine now—all drug stores re-
commend it—apply a little as direct-
ed and within ten minutes there will
be an appearance of abundance,
freshness, fluffiness and an incom-
parable gloss and lustre, and try
you will you cannot find a trace of
dandruff or falling hair; but your
real surprise will be after about two
weeks' use, when you will see no
hair—fine and downy at first—sprout-
ing all over your scalp—Danderine
is, we believe, the only sure cure for
itchy scalp and it never fails to
stop falling hair at once.

If you want to prove how soft
and soft your hair really is, moisten
a cloth with a little Danderine, and
carefully draw it through your hair,
—taking one small strand at a time.
Your hair will be soft, glossy and
beautiful in just a few moments—
delightful surprise awaits everyone
who tries this.—Advertisement.

SAFE DEPOSIT BOXES

\$3.00 PER YEAR

Less than One Cent a Day.

There are hundreds of people in this vicinity who have become accustomed to using a tin box in which to keep their valuables, who by using one of our SAFE DEPOSIT BOXES will find they are safer, strictly private and more satisfactory in every way. It requires two keys to unlock the box. The customer has one and the Bank the other, which is the master key. If you should lose your key, and some one else should find it, it would do them no good, because it would require the master key, which we hold before the box could be opened.

There is no better or stronger vault in the United States, and the rate we pay on burglary insurance, which we carry, is the lowest in the country. Come in and let our vault clerk, Mr. Ewen I. Whitlock, explain.

DAY OF PRAYER IS OBSERVED AT JACKSONVILLE COLLEGES

Robert H. Beattie, D. D., of Chicago, Addresses Illinois College Students—The Exercises at Illinois Woman's College.

"Making God Real" was the theme of a helpful talk by Robert H. Beattie, D. D., pastor of Austin Presbyterian church, Chicago, Thursday forenoon at the annual day of prayer exercises at Illinois college and though the day did not permit the assembling of a large number, those who braved inclement weather were rewarded in full measure. A selection was sung by the college quartet, Prof. W. L. Harris, Earl Pond, William Kirby and Viggo Jensen, and assistance in the exercises was given by Rev. M. L. Pontius, the Rev. R. O. Post and the Rev. W. E. Spooner, ministers of Jacksonville churches. In the afternoon Dr. Beattie met with the students for an informal conference hour at which a number took part and which all found very profitable.

Dr. Beattie spoke of the eternal struggle with which all our lives are fraught and said that it is this very struggle in large measure which makes us worth while. "The Father's Love is for all of us a very present help. We learn the Father's heart and straightaway we become reconciled and are content to do our small part in making the world a better and holier place." Dr. Beattie spoke of the benefits of co-operation and mutual helpfulness. We should help one another in all ways possible, he said, and not rest content with mere thinking and wishing.

At Woman's College.

The Day of Prayer at the Woman's college was observed with special exercises Thursday. At 10:45 a sermon was preached by Rev. James C. Baker. He is pastor of the Trinity M. E. church at the University of Illinois. His subject was "The revelation of God in Human Life." He took for his scriptural reference where God appeared to Moses in the burning bush and his call to the work of the Lord. Through this illustration the speaker showed God's way of revealing himself. As he came to Moses so he comes to everyone. God sought the aid of Moses to rid the people of their oppressions. It shows God's great interest in his people and of his desire to see the best things in life come to them. He seeks the co-operation of his people here on earth to bring about good conditions and to rid the people of their burdens and sins. We all need a revelation and if we obey, the truth will be ours and we will be fit to work in the Master's kingdom. The opening prayer was by Dr. Ruyle. In the afternoon there were special prayer and praise services conducted by the young ladies and the series of meetings at the college have proved a great spiritual blessing.

Mr. Clark Shipp, tenor, sings Friday evening at State St. Church at Midwinter Concert.

RAILROAD NOTES

Burlington Officials Here.

Assistant General Manager B. B. Greer of the Burlington route, accompanied by Superintendent of the Beardsdown Division, F. Cone, went south through this city yesterday in special car 85 on train 48. They were on a tour of inspection of this division.

Warning Against Fire.

An Alton coach was damaged by fire a few days ago, due to the carelessness of an employee who utilized oily waste to thaw out a frozen drip tank. Neglecting to watch the burning waste resulted in the damage to the coach. Employees are cautioned to avoid this danger. They are also reminded that if the instructions relating to the care of steam-heating apparatus are observed there will be no danger in freezing.

Enginemen Assignments.

The formal assignment of Engineer Charles Johnson to the 32 and 33 run between this city and St. Louis was announced yesterday. He has been handling this run, however, since the new time card went in effect. Fireman Locker was assigned to the Capital City Flyer south of Springfield and Engineer John Ertlinger and Fireman Charles Fitzsimmons was given the run out of Jacksonville with Charles Johnson.

Made Fast Run.

An Alton train of high ball stock and meat, running as second No. 80, was handled from Venice to Chicago in twelve hours. The train left Venice at 9:35 p. m., Tuesday in charge of Conductor Sams, Engineer Denis and Fireman Kennedy with the 812. Bloomington was reached at 3:30 a. m., less than six hours. This was one of the best trips ever recorded on the south end. The train comprised forty-one loads. Welch and Milton, with the 854, took the train north from there and reached Glenn at 9:30 a. m.

Limited Run is Advertised.

Alton Road Foreman E. Hartenstein on Thursday advertised the Limited north run, Nos. 2 and 7, which were held for twelve years by Engineer Jack Jones, who died recently. The senior applicant by Feb. 12th will be assigned. Engineer Michael Butler, who was picked as senior applicant, states that he will retain the express run he is now handling, preferring the long layover in Chicago. It is understood that Charles Trimble, also eligible prefers his present run. This leaves P. J. Mulheran as the next in line and if he wishes, he can land it. It is probable that the latter will be the winner.

Improving Local Station.

The work of painting the Alton station continues under the direction of Foreman Martin of Bloomington. The ladies' waiting room and the ticket office have been practically finished and the men are now busy in the men's waiting room. The baggage room is yet to be reached and as soon as the weather becomes more settled the men will go to work on the exterior of the building. After the passenger station is completed the gang will start work at the freight house, where the interior and exterior will be painted. The men now at work are artists in their line and when the job is completed the local station will have a "brand new" appearance.

D. I. Lister, of Chicago, traveling passenger agent of the Canadian Pacific railroad was a business visitor in Jacksonville yesterday.

J. J. McQueen, Jr., of Chicago, traveling passenger agent of the Missouri Pacific railroad was transacting business in Jacksonville Thursday.

Passenger Conductor James Golden of the runs between Bloomington and Roadhouse, through this city, is off duty for two round trips, and Harry Ruyle is handling the run.

Shelly Osenton, grain buyer for Conover & Co., at Springfield who has been running the elevator for that company at Savage, has completed his work at Savage for the season and yesterday returned to his home in Springfield.

Passenger Conductor Frank Fox of the Alton Limited, is off duty for his monthly vacation and C. E. Draper catches the run, having been relieved on the pool run by L. C. Roberts, who was off a week as witness in court at Pontiac.

Passenger Conductor Carter on Burlington local 95 and 96, who has been laying off for the past few days, is back on the run. This run is between Beardsdown and Litchfield. Conductor Emory Overby who was filling Carter's place has returned to Beardsdown. Engineer John Polk of the same run, is back at work after a few days rest.

Mrs. Genevieve Clark Wilson sings in concert Friday evening, State St. Church. Tickets at Brown's.

FUNERAL NOTICE.

The body of George Washington Mosely arrived in the city yesterday from Omaha and was taken to the home of his daughter, Mrs. Ida Guthrie on South Sandy street. The funeral services will be held this afternoon at 2:30 o'clock from the Mt. Emory Baptist church, in charge of the Rev. DeWitt.

PARENT-TEACHERS' MEETING. A meeting of the Parent-Teachers' Association of the First ward will be held at the Jefferson school this evening at 7:15 o'clock. Addresses will be given by Superintendent Collins and others and a cordial invitation is extended to fathers and mothers to attend. A good program has been prepared.

Safest Place to Trade.

Health Costs Little

It requires but a few minutes each day to fortify the system against such dread diseases as Rheumatism or Bright's Disease.

Impaired action of the kidneys is the forerunner of these two diseases, and if prompt and effective treatment is not begun it often means either of the two.

The time required to take a few doses of

NYALS

Stone Root Compound and the cost of a bottle of it is a minor consideration, when compared with the misery and expense associated with chronic kidney troubles, Rheumatism and Bright's Disease.

CIGARMAKER A BOOTBLACK.

That a cigarmaker can also ply the trade of bootblack and "make good" at it was demonstrated Thursday evening by John O'Brien. It happened that Mr. O'Brien was in a barber shop when William Heintz asked for a shine, and when the barber informed Mr. Heintz that it was after hours for the bootblack, the cigarmaker volunteered to do the work. Mr. Heintz at once wagged a dollar that "Jack," as he is familiarly known, would not shine his shoes, whereupon the cigarmaker got to work and performed the task as though he were a veteran at that sort of work. When he had finished the agreement and paid the dollar, which was given to the regular bootblack at the shop by "Jack."

PARENT-TEACHERS' ASSOCIATION OF SOUTH JACKSONVILLE MEETS

Profitable Meeting is Held Thursday Evening at the Maple Grove School House.

The Parent-Teachers' association of South Jacksonville met last evening at the Maple Grove school with a good attendance despite the bad weather and roads.

The meeting was an informal one but proved to be one of the pleasantest of the season.

Mr. J. H. Reid was asked to explain a project he had been working on to establish a branch library in the school. A petition for the purpose has been circulated and all but three of the necessary number of subscribers have been secured.

Miss Ida Barrett, public librarian, gave a talk endorsing the project. It was decided to have a valentine party in an effort to raise sufficient funds to start the branch library for the school.

Other business matters were then taken up by the association and discussed. At the close of the business before the organization refreshments were served.

Among the improvements which the teachers have made note of in their reports to the County Superintendent are the following: These improvements at the school have all been made since the first of September. The well has been thoroughly cleaned and a cement top placed over it; electric lights have been installed in the building; the doors outside and the hall doors inside have been made to swing outward; an electric heating plate has been purchased by the association; and the organizing of the Parent-Teachers' association.

PRICE SUIT AND OVERCOAT SALE FOR FRIDAY AND SATURDAY. For Men and Boys. Come early, get in line as the big values will not last long. 225 Mens' Suits; 117 Boys' Suits; 79 Overcoats. They won't last long at One-Half Price—Now Selling at The Illinois Stock Exchange, 13 W. Side Square.

The room has been newly painted and papered and various interior changes have been made to fit it to the uses of Mr. Myrick. It is gratifying to note that his business has grown to such an extent that the more commodious quarters were necessary. Ample space is now afforded for the display of motorcycles and bicycles and the work rooms are also large and convenient. The firm's advertisement will hereafter be found regularly in this paper three days each week.

Ill. Coll. Chorus sings "The Black Knight" at State St. Church Friday evening, Feb. 5th.
